

## OBJECTIVE

Ambitious **Architecture** graduate with strong design skills and advanced proficiency in **Revit**. Highly **motivated, detail-oriented**, and committed to delivering work with **precision, care, and professionalism**.

## EDUCATION

- Lebanese American University, Byblos**  
June 2026  
Bachelor of **Architecture & Minor in Business**  
Graduated with **Honors GPA: 3.28/4.0**
- L'Athénée de Beyrouth, Bsalim**  
June 2021  
Lebanese Baccalaureate in General Sciences  
Graduated with Mention Good

## EXPERIENCE

### ERGA Group – Architecture Intern

- Aug 2025
- **Office Experience – Naccache Office:**  
Worked on Hilton Hotel in Africa and the American Embassy in Dubai, focusing on technical drawings, plans, sections, elevations, detailed sections, 3D Revit modeling, while coordinating with structural and interior design teams.
- Sep 2025
- **On-Site Experience – Kye Beach Resort, Tabarja:**  
Gained site experience at Kye Beach Resort, observing blocks at different construction stages, from raft foundation works to electrical fixtures, structural coordination, and interior finishing.

### Executed Projects

- June 2026
- **Pergola Design & Site Follow-Up - Bsalim:**  
Developed a new pergola design after removing the old structure, modeled it in Revit, coordinated with the subcontractor for execution, and followed up on site during development.
- July 2024
- **Chalet Renovation & Design – Batroun:**  
Designed and renovated the interior and furniture layout of a chalet, focusing on functionality, aesthetics, and spatial optimization to enhance the living experience.

### Academic Projects

- Sep 2025 - June 2026
- **Final Year Project – Sanctuary of Natural Heritage – Village of Balaa, Batroun District**  
A natural sciences complex with a museum, research lab, water treatment facility, workshops, theater, restaurant, and dormitory spaces. Located near the unfinished Balaa Dam, the project extends its context while taking inspiration from the Baatara Gorge.
- Sep - Dec 2024
- **Arts Performing Center – Zouk Mikael**  
The project reflects the site's artistic and cultural identity. It integrates multi-level gardens, a central courtyard, and public passages extending the souk's circulation through the center.

## WORKSHOPS

- Aug 2024
- International Studio – Barcelona, Spain**
- Traveled with the coordinator of design studios to study architectural works, with a particular focus on Antoni Gaudí's designs and their innovative structural and aesthetic principles.
- July 2024
- Sustainable Living Unit Design Competition & Build Camp – Chabtine, Lebanon**
- Participated in a sustainable living unit design-build competition using local materials, spending one week in a forest for the on-site construction of a prototype under a professor's guidance.

## SKILLS & ACHIEVEMENTS

### Softwares

- Proficient: **Revit, AutoCAD, Enscape, Lumion, Illustrator, Photoshop.**
- Intermediate: **3Ds Max, SketchUp.**

### Skills

**VR architectural visualization, BIM documentation, large-scale Revit modeling, site observation, project development, research-led programming, sustainable implementation, refined final drawings, finance and marketing (through business minor), time management, and teamwork.**

### Achievements & Activities

Exhibited work at **LAU's Photography Student Exhibition**, received a **Municipality of Batroun Appreciation Award** for a museum design, served as an active **AIAS LAU member**, and won the **Fabrizio Competition** twice in 2011 and 2014.

### Languages

Fluent in written and spoken **English, French, and Arabic.**
